🪪 Profile

I am a passionate technology developer with a solid background in web application development. However, my curiosity and love for technology don't stop there. I also dedicate myself to self-learning in areas such as data science and cybersecurity to stay up-to-date on the latest trends and technologies in the market.

💼 Professional Experience

Java Ekon Developer, *Praxya Solutions* ⬏   03/2023 – present | Torrent, Spain

As an ERP Maintenance Specialist, I maintained and troubleshot a Java-based ERP system for multiple companies.

Web Developer, *Musicality Academia* ⬏   01/2021 – 02/2021 | Puzol, Spain

I updated the content and migrated the domain of a Squarespace website.

🎓 Education

Superior Vocational Training Cycle in Web Application Development, *IES Camp de Morvedre* ⬏   2021 – 2023 | Sagunto, Spain

I acquired valuable skills in coding, web development, database design, project management, and problem-solving.

Humanities Baccalaureate, *IES Clot del Moro* ⬏   2018 – 2020 | Sagunto, Spain

I gained valuable skills in critical analysis, creative thinking, communication, research, and cultural awareness.
